

# Operations Simulator Documentation

This is the index for documentation for the Operations Simulator.

For more information on the motivation for creating the Simulator, how to download data and analyses, and how to interact with the output, see the [OpSim Gateway](#).

| Version                | Description                                |
|------------------------|--|
| <a href="#">Master</a> | Bleeding edge version of the code base     |
| <a href="#">v3.3</a>   | The version 3.3.x release series (Current) |
| <a href="#">v3.2</a>   | The version 3.2.x release series           |
