

Scheduler Workshop Presentations

Wednesday 18th March

| | |
|--------------------|--|
| 9:00am – 9:30am | Introduction, Objectives and Overview of LSST (Connolly) |
| 9:30am – 10:30am | LSST science requirements related to scheduler development (Ivezic) |
| 10:30am – 11:00 am | Break |
| 11.00am – 12.00pm | Analysis tools and metrics for the scheduler (Jones) |
| 12.00pm – 1.00pm | Lunch: work in smaller groups, in parallel (talks and discussion) |
| 1.00pm – 2.00pm | The LSST scheduler algorithms (Delgado) |
| 2.00pm – 2.30pm | The Operations simulator performance and status (Cook) |
| 2.30pm - 3.00pm | Lessons learned from scheduler development at Las Cumbres (Saunders) |
| 3.00pm – 3.30pm | Break |
| 3.30pm – 4.00pm | Lessons learned from scheduler development for JWST (Giuliano) |
| 4.00pm – 4.30pm | Schedulers in operations research (Vanderbei) |
| 4.30pm – 5.30pm | Discussion |
| 6.30pm | Dinner |

Thursday 19th March

| | |
|-------|--|
| 10 am | LSST Optimization (Stubbs) |
|-------|--|
