[Scott Daniel](#)

[Lauren MacArthur](#)

Agenda

Item	Who	Notes
Status on use case collection.		<ul style="list-style-type: none">• I dropped the ball on sending out info requests and most didn't go out until today (NCSA, Science Validation, Stack Club, Camera). Gave June 28th deadline.• We forgot about commissioning last week. Scott Daniel Will collect.<ul style="list-style-type: none">◦ We did NOT forget about commissioning last week. I'm just blind.
Use cases collected		<ul style="list-style-type: none">• DRP Image Display Use Cases (Note, we can already do 95% of our wish list, but included it for completeness)• AP Image Display Use Cases
AOB		<ul style="list-style-type: none">• Simon: Kapa? Whhhhy? Are all astronomers doomed to the same fate of recreating image viewers...• Yusra: I'll get the whole story.• Changing the colorscale/stretch at a click of a button is the killer feature that makes ds9 popular.• This is easy to do now. You can code callbacks. Browsers now have access to accelerated graphics. Trivial.

Homework:

Post information as you collect it.

Read posted uses cases for discussion next week.
